Westminster Larger Catechism Q&A 93

**Q. What is the moral law?**

A. The moral law is the declaration of God's will for humanity, directing and binding every human being to conform to and obey it personally, completely, and perpetually. The moral law applies to the whole human, body and soul, and includes the performance of all those obligations to God and our fellow humans to be holy and righteous. God promised life for keeping it and threatened death for disobeying it.
